BUSINESS OWNERS:

It's a Great Time to Buy!

Limits on IRS Section 179 Deductions* have changed **for 2012.** Here's a quick recap:

- **2012 Deduction Limit = $139,000.**
- **2012 Limit on Capital Purchases = $560,000.**
- **2012 Bonus Depreciation = 50%** (the new law allows 50% "Bonus Depreciation" on qualified assets placed in service during 2012).

Hurry and take advantage of the deductions before the limits decrease in 2013!

* Conditions, limitations and exclusions apply. Consult your Tax Advisor to discuss potential Section 179 Deductions for which your business may qualify.

The reintroduction of a Chevy Classic

In 1967, we introduced the Custom Sport Truck package on our full-size pickup, and it was a hit. For 2012, we've reintroduced this package on LT Extended and Crew Cab models with updated content for today's buyers. This great newly available package (PEB) includes:

- 5.3L Vortec V8 engine
- 6-speed Automatic Transmission
- Heavy Duty Trailering Package
- Auto Locking Rear Differential
- EZ-Lift Locking Tailgate
- Power Driver's Seat
- Steering Wheel Audio Controls
- Bluetooth for select phones[1]
- AM/FM/CD Radio with AUX jack and USB port[2]
- Dual Zone Automatic Climate Control
- Fog Lamps
- Heated/Power Chrome Capped Mirrors
- 20" Chrome-clad Aluminum Wheels
- Bodyside Moldings with Chrome Accents
- Chrome Door Handles

This package provides all of the content of the All Star Edition package, plus 20" wheels and chrome accents. This package is available nationwide on Extended Cab models, and on Crew Cab models in specific regions. See your Dealer for details and availability.

1 Visit gm.com/bluetooth to see which phones are compatible with the vehicle. **2** Not compatible with all devices.

Uncommon value.

More and more, truck owners want a full-size pick-up truck that's built for work – and for life. They need a truck that works hard on the job site, but cleans up nicely for a night on the town with family and friends. In short, buyers want trucks that do more. We listened and present for your consideration, the 2012 Chevrolet Silverado Special Editions.

Powertrain choices for every purpose.

If only life was as simple as a "one size fits all" solution. That's certainly not the case ... and especially not the case when it comes to powering a full-size pickup. Silverado provides a complete selection of powertrains, so you can choose a truck that is best-suited to your exact needs.

Vortec 4.3L V6 Engine (LU3)

» 195 hp @ 4600 rpm and 260 lb-ft of torque @ 2800 rpm.

» Standard on WT Regular Cab, Standard and Long Box models and WT 2WD Extended Cab Standard Box models.

Vortec 4.8L FlexFuel[1] VVT V8 Engine (L20)

» 302 hp @ 5600 rpm and 305 lb-ft of torque @ 4600 rpm.

» Standard on all LS models and on all LT models except Extended Cab Long Box; also standard on 4WD WT Extended Cab Standard Box and all WT Crew Cab models; available on all other WT configurations.

Vortec 5.3L V8 Engines with FlexFuel[1], VVT and Active Fuel Management™

» E85: 326 hp @ 5300 rpm and 348 lb-ft of torque @ 4400 rpm.

» Gas: 315 hp @ 5200 rpm and 335 lb-ft of torque @ 4000 rpm.

» Aluminum block (LC9) is standard on XFE and is required with 4WD Extended and Crew Cabs on WT, LT and LTZ models. Iron block (LMG) is standard on 2WD LTZ; available on 2WD WT & LT models.

Vortec 6.2L FlexFuel[1] VVT V8 Engine (LY6)

» 403 hp @ 5700 rpm and 417 lb-ft of torque @ 4300 rpm.

» Available on Extended Cab Standard Box and Crew Cab LT and LTZ models.

Variable Valve Timing (VVT)

» VVT is used on 4.8L, 5.3L and 6.2L Vortec V8 engines. VVT allows precise control of valve opening and closing times to improve engine performance and emission through the engine operating range.

Automatic Locking Rear Differential

» Standard on XFE and LTZ; available on all other models.

4-speed Automatic Transmission

» Includes Tow/Haul mode, which enhances performance while pulling a trailer or hauling heavy loads. When activated, this feature modifies the automatic transmission shift schedule and helps reduce throttle pedal activity by the driver while traveling over rolling terrain.

» Standard on WT, LS and LT models with the 4.3L V6 or 4.8L V8 engine.

6-speed Automatic Transmission

» Includes Tow/Haul mode and tap-up/tap-down shifting.

» Standard on XFE and LTZ models and included on all models also equipped with the Vortec 5.3L V8 or Vortec 6.2L V8 engines.

1 Go to chevy.com/biofuels to see if there is an E85 fuel station near you.

Most Dependable, Longest Lasting[1] Full-size Pickups on the Road.

All you can ask when you buy a full-size pickup is to find a truck that will work as hard as you do. Chevrolet Silverado is that truck. In fact, they are the most dependable, longest-lasting full-size pickups on the road. The competition is tough: We have to be tougher. For 2012, the Silverado 1500 continues with a reputation as an industry leader in 4 x 4 V8 fuel economy and dependability.

Best 4 x 4 V8 Pickup Fuel Economy.

» When running on gas, the Vortec 5.3L V8 engine (included on the All-Star Edition) helps Silverado offer an EPAestimated 15 MPG city and 21 MPG highway – better fuel economy than a V8-powered RAM and Toyota Tundra[2] (22 highway on XFE 2WD – better fuel economy than a V8-powered Ford F-150, RAM and Toyota Tundra[2]).

» When running on gas, Silverado has the best available 4x4 V8 fuel economy of any full-size pickup[3].

» Silverado Hybrid[4] – America's first Two-Mode Hybrid full-size pickup – offers 33% greater city fuel economy than a non-hybrid and a 23.5% improvement in overall fuel economy. EPA-estimated fuel economy for both 2WD and 4WD models is 20 MPG city/23 MPG highway.

1 Dependability based on longevity: 1981 - July 2011 full-size pickup registrations.

2 EPA-estimated MPG (gas; city/highway 2WD and 4WD): 2012 Ram 1500 14/20 2WD and 13/19 4WD (HEMI); 2012 Toyota Tundra 14/18 2WD and 13/18 4WD; 2012 Ford F-150 15/21 2WD and 14/19 4WD.

3 Based on GM Large Pickup segment and EPA-est. MPG (gas): 15 city/21 highway for both 2WD/4WD and 15 city/22 highway 2WD XFE.

4 Available at participating dealers only.

SPECIFICATIONS & COMPARISONS

Why settle for anything less than world-class?

Silverado achieves world-class seat comfort through extensive research into ergonomics and body structure. In addition, a variety of seat styles are available to meet the needs and budgets of different buyers. This includes a choice of front split-bench or bucket seats and rear full or split-bench seats (on Extended and Crew Cabs). Seat trim includes: vinyl seats on WT; cloth on LS, LT, XFE and Hybrid[1]; custom leather appointed on LTZ. Leather-trimmed seats are available on LT, XFE and Hybrid models. Seat adjustments include 6-way and 10-way power.
LTZ models include standard heated seat cushions and seatbacks, 2-position driver memory and adjustable head restraints. New for 2012, LTZ buyers can also choose heated AND cooled driver and front passenger seats.

1 Available at participating dealers only.

World-Class Consoles and Storage.

Includes enclosed dual glove box, a 6-liter fold-down armrest, lockable 9-liter storage compartment in the seat cushion and 20-liters of center console storage with an auxiliary power outlet, removable divider, cell phone pocket and CD storage. (Storage compartments vary with models and options.)

ONSTAR DIRECTIONS & CONNECTIONS PLAN

You don't have to stop and ask for directions.

Standard for the first six months on all models (except WT on which it's available), Directions & Connections[1] combines all the Safe & Sound Plan services with Turn-by-Turn Navigation and eNav.

More content, high value, one option code.

Silverado offers several available special packages that provide you with outstanding value vs. ordering options individually.

Convenience Package (PCW)

» Includes adjustable power pedals, rear-window electric defogger, rear parking assist, universal home remote and remote vehicle starter system. Requires Extended or Crew Cab models. Rear-window defogger may be upgraded to power rear sliding window. Does not include universal home remote when provisions for roof mounted lamps is ordered. Available on LT and XFE.

Interior Plus Package (PCM)

» Includes 6-way power driver seat adjuster, steering wheel-mounted audio controls, dual zone auto a/c[1], AM/FM stereo with USB port[2], foglamps, EZ-Lift Locking Tailgate and Bluetooth connectivity for select phones[3]. Available on LT and XFE.

LT White Diamond Edition (PDP)

» Includes white diamond tricoat exterior color, plant-installed chrome mirror caps and door handles (except tailgate) and bodyside moldings with chrome accent

LTZ White Diamond Edition (PDP)

» Includes white diamond tricoat exterior color, Z60 high-performance suspension package, 20" chrome-clad aluminum wheels, P275/55R20 blackwall touring tires, VPA Chrome package, LPO, plant installed chrome mirror caps and door handles (except tailgate) and bodyside moldings with chrome accent

LTZ Plus Package (PDF)

» Includes Universal Home Remote, EZ-Lift Locking Tailgate, Power Adjustable Pedals, Rear Parking Assist and rear wheelhouse liner.

LS Package (PCX)

» Includes 6-lug, chrome-styled steel wheels, front chrome bumper and chrome surround grille.

Chrome Essentials Package (PDV)

» Includes polished exhaust tip, chrome recovery hooks, chrome door handles and mirror caps and 18" chrome-clad aluminum wheels. Available on 1500 LT and LTZ. See dealer for details.

Z71 Appearance Package (WEA)

» Includes 18" aluminum wheels, on/off-road blackwall tires, foglamps, body-colored OSRV mirrors and door handles, "Z71 Plus" decals, sill plates and instrument cluster panel, chrome recovery hooks, Rancho front and rear shocks, unique front bumper lower fascia with smooth surface, and body-colored grille with unique chrome insert. See dealer for details. Available on 1500 LT and LTZ.

Skid Plate Package (NZZ)

» Includes underbody shields for offroad protection. Available on WT, LS, LT and LTZ. See dealer for specific details and restrictions.

Snow Plow Prep Package (VYU)

» Includes 10-amp power for backup and roof emergency light, 160-amp alternator, high-flow front bumper, forward lamp wiring harness, provision for cab roof mounted lamp/beacon, wiring for electric brake controller, high-capacity air cleaner, auxiliary external transmission oil cooler and Skid Plate Package. Available on WT and LT. See dealer for specific details and restrictions.

1 Not included on Regular Cab models. **2** Not compatible with all devices.
3 Visit gm.com/bluetooth to see which phones are compatible with the vehicle.

Available Chevrolet Wi-Fi, Bluetooth, USB and more.

» **Chevrolet Wi-Fi:** You spend a lot of time in your truck. You should have it how you want it to make the most out of every day, especially if it can save you time. More and more, that means staying connected. Silverado is pleased to announce the addition of Chevrolet Wi-Fi by Autonet Mobile[1], which turns Silverado into a mobile hotspot:

- *Available, dealer-installed, GM licensed accessory provides multiple users with **full Internet access inside the vehicle and up to a 150-foot radius around the vehicle.***
- *Internet connection can support several devices at once.*
- *For work site use, offers immediate access to online ordering sites, municipal sites with permit and building code information, and more.*
- *For families on the go, passengers can connect with friends on social sites, stream videos on long trips or even find maps and research fishing and camping sites.*

» Available Bluetooth® wireless connectivity[2] for select phones lets you **make, answer and end calls without ever taking your hands off the wheel.**

» A new available Navigation System radio includes a touch-screen display and an 80GB hard drive preloaded with navigation map info, with approximately 30GB available for music storage, or you can pause/play live radio. Available XM NavWeather[3] and Gracenote Music ID and Playlist are other enhancements offered. This system also supports voice commands for audio controls and navigation commands. The screen also shows the available Rear Vision Camera guidance lines. Available on LTZ.

» To further **customize your music while you drive**, plug your iPod®[4] or even a music-loaded flash drive directly into an available USB port[5]. Then it's easy to manage your playlists through the stereo controls. It even charges your iPod for you.

» XM NavTraffic[3] enhances your vehicle's available navigation system and **displays live traffic information to help you avoid traffic tie-ups** and can even suggest alternate routes to help you get to your destination faster. Available on LTZ.

» The available rear vision camera system[6] is designed to allow the driver to use the rearview mirror (or touch-screen navigation radio screen, if equipped) **to see certain stationary objects, like a trailer, located behind the vehicle** while traveling in Reverse at low speeds.

1 Monthly rates apply. Visit www.chevywifi.com for details and coverage map. **2** Go to gm.com/bluetooth to find out which phones are compatible with the vehicle. **3** Requires available navigation radio. Required XM Radio and NavTraffic monthly subscriptions sold separately by XM after trial period. XM NavTraffic only available in select markets. For more information, visit xmradio.com/navtraffic. **4** iPod is a mobile digital device. iPod is a registered trademark of Apple, Inc. **5** Not compatible with all devices. **6** Available on LT, XFE and LTZ. Specific requirements exist for each trim level.

SPECIFICATIONS & COMPARISONS

Impressive Results

The 2012 Silverado 1500 Series provides owners with impressive results in the government's safety tests, receiving an Overall Vehicle Score of 4 out of 5 stars[1].

Six standard Air Bags[2]

» Driver and right-front passenger frontal.

» Head-curtain side-impact for outboard seating positions.

» Front-seat mounted for thorax and pelvic protection.

StabiliTrak Electronic Stability Control System

» StabiliTrak helps keep you on the road and in control:

» The control module compares your steering input with the vehicle's actual response, and then, if necessary, makes small, individual brake applications to help you keep on track.

» It automatically intervenes when it senses understeer (plowing), oversteer (fishtailing) or loss of lateral traction.

» New for 2012, StabiliTrak also includes Trailer Sway Control and Hill Start Assist (excludes Hybrid models).

Automatic Crash Response

» OnStar® with built-in Automatic Crash Response[3] is standard for the first six months on most models. In a collision, vehicle sensors can **alert an OnStar Advisor who is immediately connected into your vehicle and can request emergency help** be sent to your exact GPS location.

Steel Safety Cage

» The safety cage is designed to help **preserve occupant space** in the event of a collision.

» Crush zones, located in the front body structure, are designed for a "progressive crush" during a frontal crash. This design **absorbs and channels crash energy** in a controlled manner.

Tire Pressure Monitor

» Monitors the inflation level in each of the four road tires. The Driver Information Center (DIC) then displays the readout of each tire's pressure (excludes spare tire).

» If any tire falls below a specified pressure, the **driver is immediately alerted via a message in the DIC.**

AutoTrac 4WD System

Allows shift-on-the-fly convenience and versatility with four forward drive modes, including low range, selected via a rotary control. A neutral position is included to allow flat-towing. Included on 4WD LT, Hybrid[4] and LTZ models.

1 Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.SaferCar.gov). **2** Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. **3** OnStar acts as a link to Emergency Service providers. Visit onstar.com for details and system limitations. Services vary by model and conditions. **4** Available at participating dealers only.

Put us to the test.

MAX Trailering Pack

With the available MAX Trailering Pack, Extended Cab models can tow 10,700 lbs[1] and Crew Cab models can pull 10,600 lbs[1]. The package includes:

» A strong, 9.5-inch rear axle that helps carry or pull the biggest loads.

» The Vortec 6.2L V8 engine with **403 horsepower** and 417 lb-ft of torque.

» **GM segment-exclusive automatic locking rear differential** for more grip and less slip when you need it most.

» Handling/Trailering Suspension Package

» Z82 Trailering Package

» 3.73 Rear Axle Ratio

» 17" Aluminum Wheels

» P265/70R17 on-/off-road Blackwall Tires

» Fog Lamps

» Front and Rear Disc Brakes

Payload

» Silverado doesn't shy away from hard work, with Extended Cab models providing a maximum payload of 1,908 lbs[2], while the Crew Cab offers a maximum rating of 1,937 lbs[2]. As another sign of real Chevy value, even the standard version of the Crew Cab, V8 4x4, out-hauls its competition. This configuration is rated at 1,732 lbs.[2], compared with the equivalent Ford rated at 1,570 lbs.[2], while the Ram comes in at 1,500 lbs[2].

1 Maximum trailer weight ratings are calculated assuming a properly-equipped base vehicle, plus driver. See dealer for details.

2 Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo.

Building on Success.

Hydroformed Front Frame and Boxed Center Section

» Provides a strong platform ideally suited to the activities Silverado is designed for. **Hydro-formed** front frame allows for fewer welds, which provide:

- *Clean attachment points.*
- *Better fit to the frame.*
- *Immense overall frame strength and durability.*
- *Excellent road isolation and ride performance.*

» Strong rear frame design boosts payload capacity without adding unnecessary mass.

Independent Front Suspension

» Coil-over shock with stabilizer bar design and a wide front track provide great on-center feel, smooth out minor road irregularities, and supply excellent handling and stability.

Multi-leaf-spring Rear Suspension

» Balances ride smoothness and hauling/trailering capability.

Durable, Fade-resistant Front and Rear Shocks

» Supply an unexpectedly **smooth and controlled ride**.

Solid Smooth Ride Suspension (Z83)

» Standard on all WT configurations.

Heavy-Duty Handling/Trailering (Z85)

» Standard on Hybrid[1], XFE, LS, LT and LTZ models. Available on WT models, requires available Trailering Package.

Z71 Off-Road Suspension

» Available on LT and LTZ models.

High Performance Suspension (Z60)

» Includes 36mm front stabilizer bar. Available on all 1500 LT and LTZ models with 20” wheels.

1 Available at participating dealers only.

1 Go to chevy.com/biofuels to see if there is an E85 fuel station near you. When running on E85, Silverado 1500 with 5.3L V8 engine offers an EPA estimated 11 MPG city, 16 highway. **2** Maximum trailer weight ratings are calculated assuming a properly equipped base vehicle, plus driver. See dealer for details. **3** Whichever comes first. See dealer for limited warranty details. **4** XM Radio requires a subscription, sold separately by XM after the first 90 days. XM Radio U.S. service only available in the 48 contiguous United States and the District of Columbia. For more information, visit gm.xmradio.com. **5** Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. **6** Requires iPhone or Android platform. **7** Requires active OnStar subscription, standard for six months. **8** Not compatible with all devices. **9** Visit gm.com/bluetooth to see which phones are compatible with the vehicle.

✓ *Most Dependable, Longest-lasting Full-size Pickups on the Road[1]*

✓ *5-Year / 100,000-Mile Powertrain Warranty[2]*

✓ *Best V8 Fuel Economy of Any Full-Size Pickups In America[3]*

✓ *Silverado has the Lowest Cost Of Ownership of Any Full-Size Pickup -*

Based On Vincentric's 2011 Model Level Analysis

1 Dependability based on longevity: 1981-July 2011 full-size pickup registrations.

2 Whichever comes first. See dealer for limited warranty details.

3 Based on GM Large Pickup segment and EPA-estimated MPG (gas): 15 city, 22 highway (XFE) and 20 city, 23 highway (hybrid; limited availability).
